

# I-11 Design-Build Project

## Perimeter Air Results

Station: **Z11-F**

Month: **September-15**

### Legend

- Test Results
- Running Avg.
- Threshold

#### Threshold

Level resulting in increased Dust Control Measures

#### Test Results

24-hr Average Asbestos Concentration

#### Running Average

Cumulative average of the results for each zone over the project duration

#### Z# - N/F

Z - 2,500 ft Testing Zone  
 # - Specific Zone (see map)  
 N - Near side (Project sample taken closest to BC)  
 F - Far Side (Project sample taken furthest from BC)
